## Family Hubs

Family hubs provide a warm and welcoming environment for families to access support for children, young people, parents and carers. Family Hubs are a 'one stop shop' which offer Early Help support to families and young people to help overcome difficulties and build strong relationships. There is a Family Hub based in each of the four neighbourhood areas and there are also mini-Family Hubs which offer different services. Family Hubs also include a virtual offer for families with children of all ages, from 0-19 or up to 25 with special educational needs and disabilities (SEND), with a great start for life offer at their core.
